

Press release description/announcement details:

Wizard Cyber announces its participation in Web Summit Qatar 2025 and its new Microsoft SOC in Qatar, reinforcing its cybersecurity presence in the Middle East

Wizard Cyber Strengthens Global Cybersecurity by launching their Microsoft SOC in Qatar

Qatar, Doha – February 2025 – Wizard Cyber, a global cybersecurity solutions provider, proudly announces its participation in **Web Summit Qatar 2025**, one of the world's most influential technology conferences. Taking place on **February 23rd, 2025 in Doha, Qatar**, the event will bring together global tech pioneers, industry leaders, and cybersecurity experts to discuss the latest technological innovations and security advancements

Representing Wizard Cyber at Web Summit Qatar 2025 will be, **Paul Goldney, CEO, Aysha Hasan, PM**, Microsoft Partner Alliance Lead, and **Ghofran Haloub**, Account Manager

In response to the growing cybersecurity demands in the Middle East, **Wizard Cyber has recently expanded its global footprint by establishing a premium Security Operations Center (SOC) in Qatar**

This strategic move reinforces the company's commitment to providing advanced, locally delivered cybersecurity solutions tailored to the region's evolving threat landscape

With an increasing need for security frameworks, Wizard Cyber will showcase its expertise in **Managed Security Services, Microsoft Security Solutions, and AI-driven Threat Intelligence**

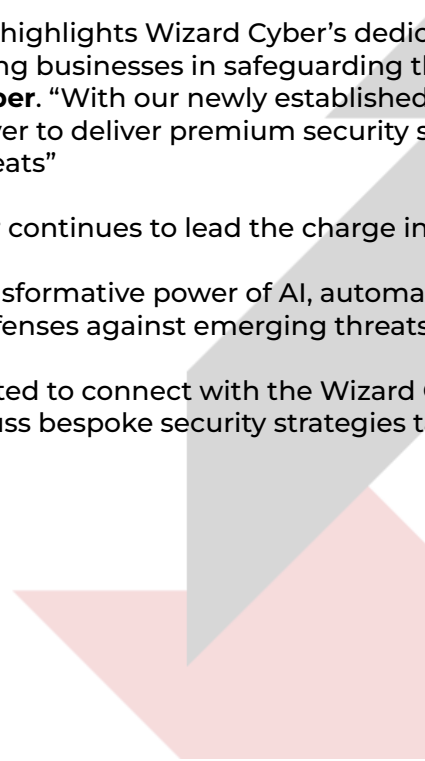

The company's presence at the summit underscores its mission to empower businesses with **next-generation security strategies designed to mitigate risk, enhance resilience, and ensure digital transformation is secure by design**

"Our participation in Web Summit Qatar 2025 highlights Wizard Cyber's dedication to driving cybersecurity innovation and supporting businesses in safeguarding their digital assets," said **Paul Goldney, CEO of Wizard Cyber**. "With our newly established Microsoft SOC in Qatar, we are better positioned than ever to deliver premium security solutions that protect organizations from evolving cyber threats"

As a **Microsoft Security Partner**, Wizard Cyber continues to lead the charge in cybersecurity

At the event, the team will emphasize the transformative power of AI, automation, and cloud-based security solutions in fortifying defenses against emerging threats

Attendees at Web Summit Qatar 2025 are invited to connect with the Wizard Cyber team to explore their cybersecurity solutions and discuss bespoke security strategies tailored to meet their business objectives

About Wizard Cyber

Wizard Cyber is a leading global cybersecurity provider specializing in managed security services, Microsoft security solutions, and AI-driven threat intelligence. With a focus on protecting businesses from ever-evolving cyber threats, Wizard Cyber delivers comprehensive, tailored security solutions designed for enterprises of all sizes. With the recent launch of its Security Operations Center (SOC) in Qatar, Wizard Cyber further strengthens its presence in the Middle East, ensuring rapid response and localized cybersecurity expertise
